

SALVATGE COR

post-Bowie pop

Music band founded in mid-2013 by the Majorcan poet and composer **Llorenç Romera Pericàs** (guitar, vocals), **SALVATGE COR**'s current line-up is completed by **Gabriel Abrines** (guitar), **Pere Font** (bass), **Sara Mingolla** (keyboard) and **Jaume Salom** (drums). Prone to blend printed poetry and sonic experimentation, **SALVATGE COR**'s songs seek to explore such concepts as identity, alterity and intertextuality among the different arts. In September 2019, **SALVATGE COR** released a new record called **bruixes..** (Discmedi), a now-or-never manifesto that defends the liberty to be true to oneself no matter what.
